

Countertop Water Filter System

Model PCT-2000 with New ProOne® G3.0 9” filter

Designed to fit most faucets with removable aerator
Featuring new CeraBlock™ ceramic and solid carbon block filter technology

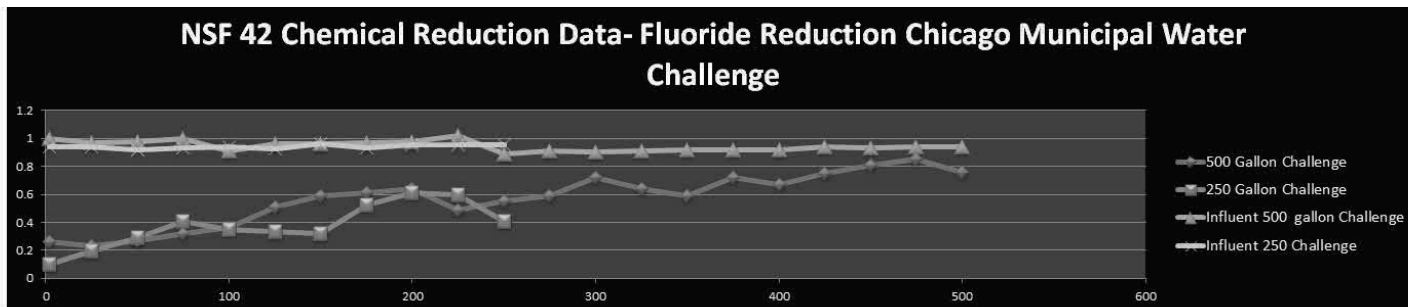

Maximizes contaminant reduction while reducing Fluoride

The new ProOne® G3.0 CeraBlock™ filter, designed for the pressurized Propur PCT-2000 system, features a unique inner solid carbon block core utilizing proprietary AquaMetix® material made from the highest quality coconut shell-based activated carbon and other superior absorbent materials, and a micro-filter outer silver impregnated ceramic shell.

The solid carbon block core is based on an innovative compression molding manufacturing process whereby the base materials are melded into a solid block having a very uniform pore structure that ensures filtration consistency and highest performance as compared to an extruded process like most others. The solid carbon block core inside the ceramic micro-filter shell combines mechanical filtration and physical absorption process to reduce a wide variety of drinking water contaminants of both aesthetic and health concern. The dense pore structure and vast surface area of the compressed carbon and specialty absorbents is ideally suited to improve taste and odor as well as reducing chlorine, chloramines, volatile organic compounds (a group of 50+ chemicals), MTBE, lead, mercury, asbestos, arsenic and fluoride. The cleanable filter elements are designed to remove suspended solids, pathogenic bacteria, and cysts. These filter elements have been tested in accordance with NSF protocols for cyst, turbidity, particulates, lead, chloramines and chlorine reduction (Class 1).

Contaminant Reduction

Pathogenic bacteria
Cholera, Typhoid, Salmonella, Serratia,
E. Coli, Fecal Coliform- > 99.9999% removal
Cysts
Cryptosporidium Parvum, Giardia Lamblia -100% removal
Sediment
Down to 0.5 micron Absolute; 0.2-0.45 micron with a filtration efficiency of >99.99%
Volatile Organic Chemical Compounds (50+ compounds)
Metals
Aluminum, Iron, Mercury, Nickel, Zinc
Fluoride 250 Gallons Capacity with reductions from 95-50% removal in real world testing.
Chloramines Capacity 1200 gallons at >99% Reduction-
ANSI standard 42
Lead Capacity 1000 gallons at >99% Reduction-
ANSI Standard 53
This filter has the ability to reduce Fluoride, Arsenic, Cadmium, Chromium (iii/vi) and MTBE

The removal/reduction of contaminants or other substances that may be present in your water supply may vary depending on its content. The contaminants or other substances removed or reduced are not necessarily present in all users' water. Some contaminants may be more easily filtered than others. Percentage of reductions will vary from approximately 50% to 95% over the life of the filter based on the level of contaminant(s) found in your water supply. Testing was performed under standard laboratory conditions. Actual performance may vary.

PROPUR LIMITED WARRANTY

Lincoln-Remi Group, LLC d/b/a Propur ("PP") sells its products with the intent that they are free from defects. PP warrants to the original retail purchaser/consumer that its products will be free of defects in material and workmanship under normal use for the following periods beginning on the date of purchase: (i) two (2) years for Propur Systems, one (1) year for ProOne G 2.0 and G3.0 filters and ninety (90) days for Propur pitchers (Warranty Period"). PP will replace or repair any product, at its sole discretion, during the Warranty Period. Any damage caused by misuse or abuse; accident; improper installation; dropped product; failure to provide recommended maintenance; transportation damage; neglect; environmental conditions; or any other conditions whatsoever that are beyond the control of PP are excluded from this warranty. This express limited warranty shall be the sole and exclusive warranty. **ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS OR FITNESS FOR ANY PARTICULAR PURPOSE OR ANY OTHER POTENTIAL OBLIGATION ON THE PART OF PP WITH RESPECT TO PRODUCTS SOLD BY PP ARE DISCLAIMED. EXCEPT FOR ANY EXPRESS WARRANTIES, ALL PROPUR PRODUCTS ARE SOLD "AS-IS".** PP shall not be held liable for any incidental, consequential or special damages of any sort whatsoever. The liability of PP is limited to the original retail purchaser and to the repair or replacement of defective parts during the Warranty Period. No refunds will be given at any time. The liability of PP terminates upon the expiration of the Warranty Period.

To obtain warranty service on your Propur product, mail the product with your dated sales receipt as proof of purchase, postpaid, to the following address:

Propur, 1200 Benstein Rd, Commerce Twp, MI 48390. NO C.O.D's

This warranty provides you with specific legal rights. You may have additional rights which may vary from country to country. Because of individual country laws and regulations, some of the above limitations and exclusions may not apply to you.
